

Safety First. Always.

Safety continues to be our main priority. We are leaning into the knowledge and experience of our Medical Team—along with county, state, and government agencies. Together, we are ensuring our safety practices are as rigorous as those you'd find at any doctor's office or hospital.

Enhanced Cleaning & Protection

While we always operate at a high level of safety, we have increased the number of daily cleanings in our treatment rooms, public spaces, and all hard surfaces using CDC recommended disinfectants. We use sanitizers, latex gloves and other protective measures for the benefit of our clients and team members safety.

Tele-Therapy Is Available

Instead of coming into one of our outpatient offices – you have the option to have your individual therapy or case management sessions done via a Video Call from the comfort of your home through our HIPAA compliant tele-therapy platform. Please contact any of our offices to have your Tele-Therapy sessions scheduled. Call [855-692-7247](tel:855-692-7247).

Don't Feel Great? We Can Reschedule You Quickly

If you're not feeling your best, have any symptoms or traveled to an impacted area, we're here to help. Just give us a call and we'll get you rescheduled as soon as you're ready. No need to take any risks.

Taking Care of Our Team Members

We value our amazing team. Their health (and yours) is vitally important. We are being extra vigilant to ensure our own team members who don't feel well, stay home. We are also providing them up-to-date training that reflects the most effective protocols for safety and cleanliness in this changing environment.

We appreciate your confidence in Cedar Ridge Behavioral Health Solutions. Our commitment to not only your mental health and substance abuse needs, but your physical health and safety is unwavering.
